SBI-521 LED Indicator

Display: 17 mm / 0.7" LED display

Construction: Heavy duty stainless steel IP65

Power: 6 volt 4 AH rechargeable internal lead acid battery with 110/220 AC internal transformer

Excitation Voltage: ± 5 VDC, 8 x 350 ohm load cells

Serial Port 1: Full-duplex RS-232

Serial Port 2: Full-duplex RS-232 or half-duplex RS-485

Digital Calibration: Front panel calibration and configuration

Keyboard: Hold/Setup, Print/Func, N/G/Total, Unit/Data, Tare/Preset, Zero/On/Off

Functions: Motion, Zero, Net, Gross, Tare, Total, lb, kg, %, pcs, oz, Peak/Hold, HI, OK, LO, AC/CHG

Units: kg, lb, lb:oz, PCS, %

Stand: Stainless steel swivel stand included

Display: Up to 50,000 graduations

Certifications: NTEP at 5,000d, Class III, CC #11-119

Floor Scale Specifications

Floor Scale: Mild steel

J-Box: Stainless steel

Finish: Powder coat paint

Rated: IP65

Certifications: NTEP COC #02-070

Load Cell Specifications

Material: Alloy tool steel potted

Rated Output: 3mv/V

Output Resistance: 350 ohm
