HS-200M Physician Scale

Features

The HS-200M is a mechanical device for use where either weight or height measurements are necessary. The scale provides accurate weight or height measurements on easy to read linear beams in bold marking. It has a large weighing range and can measure height from 60 cm to 210 cm x 0.1 cm (2' to 7' x 0.125"). Constructed of steel with a durable white finish, this scale will provide years of service in normal applications.
